

Exploring the South Shore's Gold Coast

Cohasset

Just a half mile from the scenic Route 3A will bring you to a quintessential New England town center of Cohasset Village.

Join the South Shore Arts Center on July 24th for their Over the Moon: South Shore Art Center on the Rise Festival. The festival overlaps with July's full moon and will include the installation of 50 large-scale (36"x60") weather-resistant banners printed displayed on Cohasset Town Common. Tag us during your visit and get entered to win a family membership to the South Shore Arts Center.

Explore the mural-walk on Ripley Road (Large-scale collaborative mural by Boston and Colombian street artists on South Shore Art Center façade, 119 Ripley Road; a series of collaborative murals by South Shore teens on South Shore Art Center west exterior, along train tracks; and More Love is OK mural Frank Marval on Fresh Feast façade, 105 Ripley Road).

Walk down Main Street and check out gift shops, boutiques, and the general store.
